### **Connect with employers.**

- Events: We are reaching out to employers and will update Handshake event listings daily. Some employers will choose to switch to a virtual format while others may opt to cancel. Bear with us as there could be many changes on this front, and check [Handshake](#) for the latest.
- On Campus Interviews: If you have an on-campus interview scheduled through Handshake, your interview slot will remain the same (unless you hear otherwise from the employer). You will participate in the interview virtually and will receive instructions on how to connect at your specified time.
- Other Interviews: If you have an interview already scheduled, please reach out directly to the employer to ask about any changes to their process.
- Job/Internship Applications: Keep applying! We are gathering information from employers as things evolve, and will issue more guidance via our newsletters. All undergrads receive our general newsletter via email and we will post the most current newsletter to [careercenter.georgetown.edu](https://careercenter.georgetown.edu).

### **Tell us what you need.**

- Fill out [this form](#) to let us know your most pressing needs/questions and anything you're experiencing or hearing from employers at this point. We will triage your question and respond with next steps within the next business day.
